I am online now.

▶ Kansas State Friends

Joy: Joy absolutely hates bugs. She likes flirting with boys more than I do. I'm not even kidding but flirting is her favorite subject.

Sophie: Sophie likes copying Joy because she wants to be Joy's clone so bad. She loves everything about Joy. Witch explains why they are such good friends.

Marla: Absolutely hates her sister Allison. She is blonde with bright blue eyes. Marla is very rich; she even has her own private beach and beach house.

They all me at summer camp.

Status Update: Allison, that we thought was dead, is standing right in front of me and my friends!

Personal Info

Interests:

My interests are just like any other teenage girl's interests. I like playing truth or dare and picking on my best friend's little sister. I defiantly like flirting with boys. I also can't keep my hands off of sunscreen. I want my face to stay perfect!

About Me:

My name is Claudia and I am a teenager that lives in Denver, Colorado. I went to camp with Marla, Allison, Joy, and Sophie. The next summer after camp some people got killed, but I can't say because it's too sad. I like going to the beach and swimming even though I nearly kill myself every time I go to the private beach. I love putting bright, ugly, pink sunscreen all over my body. Dogs just love me and I have a big scare on my ankle to prove it.
